

## Maciek Dreszer

Originating from Tarnów, 22-year old Maciek Dreszer is one of the most talented young racing drivers in Europe. Since childhood he was interested in everything related to automotive. He had his first race at the age of 5 years on a mini-tractor with a hand-made trailer. In addition to competing in various races, he extends his cars collections – old timers and racing toy cars. He is also interested in automotive history, history of race tracks and races. He studies marketing and market communication, and in his free time he takes care of his body, going to gym and at the swimming pool or by running.
